Anonymous: over the last few hours
Anonymous: i got multiple lookups of my full name on zabasphere
Anonymous: all from Dakar
Anonymous: then about 20 minutes ago, my girlfriend got the same, from Dakar
Anonymous: her name has never come up, not once, she is not associated with anything
Anonymous: even all the local anons have her fake name
me: her name as well?
Anonymous: her full real name was searched for
Anonymous: as was mine
Anonymous: all within a few hours of each other
Anonymous: mine 4 different times
Anonymous: all from Dakar
me: okay
me: who have you told this so far?
Anonymous: just you
Anonymous: it freaked her out
me: okay
me: permission to tell Eisler?
Anonymous: yeah
me: I'm trying to think of what's in Senegal
Anonymous: even in all of my court dates
Anonymous: even the courts and the scientologists
Anonymous: had her name as the fake one
Anonymous: and couldnt ever find her
Anonymous: she has done an amazing job
Anonymous: thats why this freaked her out
Anonymous: you have zaba set to tell you when people search for you too right
me: okay
me: and I haven't been searched?
Anonymous: yeah
Anonymous: i was just asking
Anonymous: its a good thing to tell it to email you when people are hunting you down :)
Anonymous: dont know whats in senegal
Anonymous: but its there in africa
Anonymous: where a lot of our friends and us have been having fun lately
Anonymous: could be a connection
me: yes, just sent Eisler a message

me: but
me: Senegal is not only not on our radar
me: but not a North African state by any means
Anonymous: doesnt matter
Anonymous: people there might have friends where we have been acting
Anonymous: just strange
me: more importantly
Anonymous: thats all
Anonymous: i have zero connections to senegal or dakar
me: the question is
Anonymous: so i have no idea what this is
me: and first I should note that I dobut this is Senegal government
me: because if not even Scientology has your gf's real name
me: or maybe they do
Anonymous: they dont
me: despite court documents not listing it
Anonymous: they actually tried to serve her paperwork
Anonymous: under the fake name heh
me: oh, gotcah
me: well, there's always the possibility that they've obtained it since
me: your gf hasn't had anything to do with reporters, has she?
Anonymous: right
Anonymous: nothing at all
Anonymous: and ive never given out her real name to anyone
me: yeah, I'm concealing my gf's too
me: this happened today?
Anonymous: i got hit about 8 hours ago, her about 4
Anonymous: she didnt check her email for it
Anonymous: until just about an hour ago
me: because today we put out new version of press release
me: which of course has your name
Anonymous: which one?
me: but then again
me: http://www.dailykos.com/story/2011/1/26/939078/-Rally-for-North-Africa,-Wikileaks,-Bradley-Manning,-Anon
me: for rally
Anonymous: for the new york rally
Anonymous: yeah
Anonymous: that doesnt lead anyone to her though
me: but I don't know where else your name has come up lately
Anonymous: putting her name and my name into google at the same time
me: yes, I know

Anonymous: and variations
Anonymous: leads to ZERO results
me: what I mean is that someone who just now became interested in you
Anonymous: yeah
Anonymous: could have been snooping
me: could have capabilities of finding her name somehow
me: but we can probably rule out Western intel services
Anonymous: id love to hear eislers take on it
me: which probably don't do Google searches or whatever from Dakar
Anonymous: im just not going to attempt to bother him at 3am
me: remember that his expertise is more than a decade out of date
Anonymous: and in fact i should be sleeping heh
me: me too
me: but
me: I'm going to ask around without mentioning you, just note that someone and his significant other is suddenly known and of interest to a party that may be partially based in Dakar
me: and that SO's name was well-concealed
me: only person I can think of
Anonymous: works for me
me: to speak to
me: is Glenn Greenwald
me: off the top of my head
me: and also
me: I have an uncle
Anonymous: would just be interesting if any of them said
me: who used to do contract work for CIA as well
Anonymous: OH dakar, yeah, big intel hub for X Y and Z
Anonymous: or something stupid like that
me: right
me: that's what I'm looking for, basically
Anonymous: im gonna go back down stairs and get her to go come up so we can sleep
Anonymous: ill bother you tomorrow and we can see if anyone replied/replies
Anonymous: cool?
me: word
Anonymous: goodnight man
me: night
